Dear Parents and Guardians:

As part of our effort to provide excellent programs for the parents and children of the Palmyra School District, Charles Street School and Palmyra High School will be conducting surveys in February and May. The first survey will be a school climate survey and the second will be from the Olweus Bullying Prevention Program. The surveys will assess our school climate and allow us to get feedback from our students to enable us to move forward.

The surveys will be anonymous and will further assist us in the implementation of the Olweus Bullying Prevention Program which will begin district wide in September of 2014. All of the information collected from the surveys will be kept confidential. We believe these surveys will provide valuable information for our school and will help in our ongoing efforts to improve the school climate and culture.

If you have any questions about the surveys, please feel free to contact one of the HIB specialists, Christina Birch (PHS) or Kim Hoffman (CSS).

Thank you for your cooperation.
