Palmyra School District School Climate Survey Informed Consent

As part of the Palmyra School District’s Annual School Plan, we will be conducting school building climate surveys at your child’s school towards the end of September, 2018. This survey is designed and endorsed by the New Jersey Department of Education. The survey would like to know your child’s perceptions of youth attitudes, experiences and behaviors at your school. The survey will ask them about their feelings and beliefs involving school safety and the degree to which they may have had any negative peer experiences or problems with bullying. Your child will be asked to respond anonymously to the school climate survey. All students at your child’s school in grades 3-12 are invited to participate. Your child can choose whether or not to participate. The surveys will be administered school wide in the classrooms during a designated class period. Students will complete the surveys on the computer in the school computer lab/classroom. Students who chose not to participate will be allowed to complete the non-graded classroom activity. Completing the survey will take approximately 15 minutes. Your child’s responses will assist us in assessing potential school safety needs in our district. It will also inform decisions regarding what types of programs might be helpful. Your child’s individual answers will not be shared with the school. We will collect all student surveys and provide a summary report on the Palmyra School District website. All student surveys will be completed anonymously and will not impact student education or relations with staff, teachers or peers.

PLEASE PRINT AND HAVE YOU CHILD RETURN THE COMPLETED FORM TO THEIR HR TEACHER BY FRIDAY, OCTOBER 5TH.
