Dear Parents:

At approximately 9:08 a.m. this morning administration was notified by the Palmyra Police Department to initiate a lock-out at Palmyra High School and Delaware Avenue Schools in response to a police-related matter in the vicinity of Palmyra High School. School personnel were immediately notified and responded accordingly. During the period of the lock-out, entry to and/or exit from the building(s) was prohibited. Normal building operations continued during the period of the lock-out with no disruption to instruction. Our students remained safe and secure during the entire ordeal. The lock-out was completed at 9:30 a.m. without incident.

Please feel free to contact your child's building principal, or me with any additional questions.

Sincerely,

Brian J. McBride  
Superintendent of Schools
